

# Young Quakers Participation

December Day for 14-21 year olds  
Saturday 3 December 2016  
Friends House, London

*I wanted to be and feel part of the decision making process. It is really important that a range and variety of people are involved including the voices of young people.*

*The day made me feel encouraged to be an active member of the Quaker community to which I belong, and that all contributions, whether their giver is five or fifty, are treated with equal respect and consideration.*

Equality is one of our corporate testimonies, in practice, this means trying to include everyone as a fully as possible. The Participation Days are an opportunity to be involved in decisions that affect you and the organisation you are part of. We want to hear about your experiences and concerns as young Quakers as well as ask you about issues that affect this organisation.

*I enjoyed the Young Quakers Participation day and it taught me more about other people's approaches to Quakerism. The day made me think about my perspective.*

This day will look at young Friends engagement with their Meeting, including looking at the challenges and the opportunities there are for them as members of a Quaker Community.

The day is being held alongside Meeting for Sufferings which decides the priorities and sets the direction of the Yearly Meeting. This will offer you the chance to consider items that are on their agenda that are of relevance to young people, as well as to identify any issues that you consider might be relevant to Meeting for Sufferings.

*This day has given me hope that young people care about issues that are interesting and relevant to me.*

We are asking Area Meeting, Meeting for Sufferings representatives to take responsibility for accompanying to the day, those young people who need it.

In addition we hope that as well as a chance to spend the day with people your own age that you will meet up with your Area Meeting Representative for lunch. The intention is that this provides the opportunity for you to find out more about Meeting for Sufferings and Yearly Meeting's work, as well as strengthening relationships between adults and young people from the same Area Meeting.

*The overriding sense that I took from that day was how much young people desired to be involved in such processes. At the close of the day, we were asked to raise our hands if we would like to take part in a similar event again. Every hand went up.*

**Who can come:** Each Area Meeting can book up to two young people and two young adults to attend the day, the cost of travel and, where essential, accommodation will be covered from Britain Yearly Meeting funds. If you are interested in attending the day, speak to your Area Meeting Clerk (or the person who gave you the leaflet) to find out how to book your place.
