Membership patterns in Britain

Yearly Meeting

The tabular statement of membership has been published annually since 1861. It informs the yearly meeting of the number of Friends in membership, based on information provided by area meetings (see *Quaker faith & practice* 4.10h).

This document contains information down to area meeting level. Additional data, including local meeting data, will be available online at www.quaker.org.uk/ym.

Membership

Membership of the yearly meeting at the end of 2020 was 12,125 (12,498 in 2019), a decrease of 373. During the year 218 came into membership. The membership of 139 adults was terminated and area meetings recorded 330 deaths.

Attenders

The number of recorded attenders was 6,902 (6,965 in 2019) and there were 1,164 children not in membership (1,283 in 2019).

Marriages

There were 10 marriages in 2020 (29 in 2019). In 4 of these both partners were members of Britain Yearly Meeting; in 3, one partner was a member; and in 3, neither partner was a member. These figures include 1 same-sex and 9 opposite-sex marriages.

The statistical tables

Quakers in regions and general meetings of Britain

Table 1 provides a summary of incomings and outgoings for Britain Yearly Meeting as a whole. Membership fell by 2.98% over the year. New memberships fell by fifty-two compared to 2019. Terminations fell by fifty-four.

Table 2 (page 5) provides membership statistics for the yearly meeting since 1935.

Table 3 (page 6) provides a regional summary of the number of members and attenders as well as an indication of the proportion who are children, attenders and women. 60% of members and attenders are women and 60% of all adults are attenders. The

gender category of 'other' (introduced in 2015) has been used by a few area meetings. Meetings may wish to make members and attenders aware of the opportunity to be recorded this way.

Table 4 (page 7) summarises trends in membership over the last ten years. Convincements over ten years represent 2,913 Friends or 24% of total membership. Terminations over the same period were 1,910 and deaths were 3,069. This resulted in a decline in membership of 2,150 with notified changes from 2010. The overall decline in members and attenders in 2019 is from 20,746 to 20,191.

Area meetings

Table 5 (page 8-9) provides information on members, attenders and children for each area meeting, as well as information on those joining and leaving over the last ten years.

Table 6 (page 10-11) looks at trends at area meeting level over ten years. Over this time the membership of nine area meetings grew and in two area meetings, the total number of adults (members and attenders) grew by more than 10%.

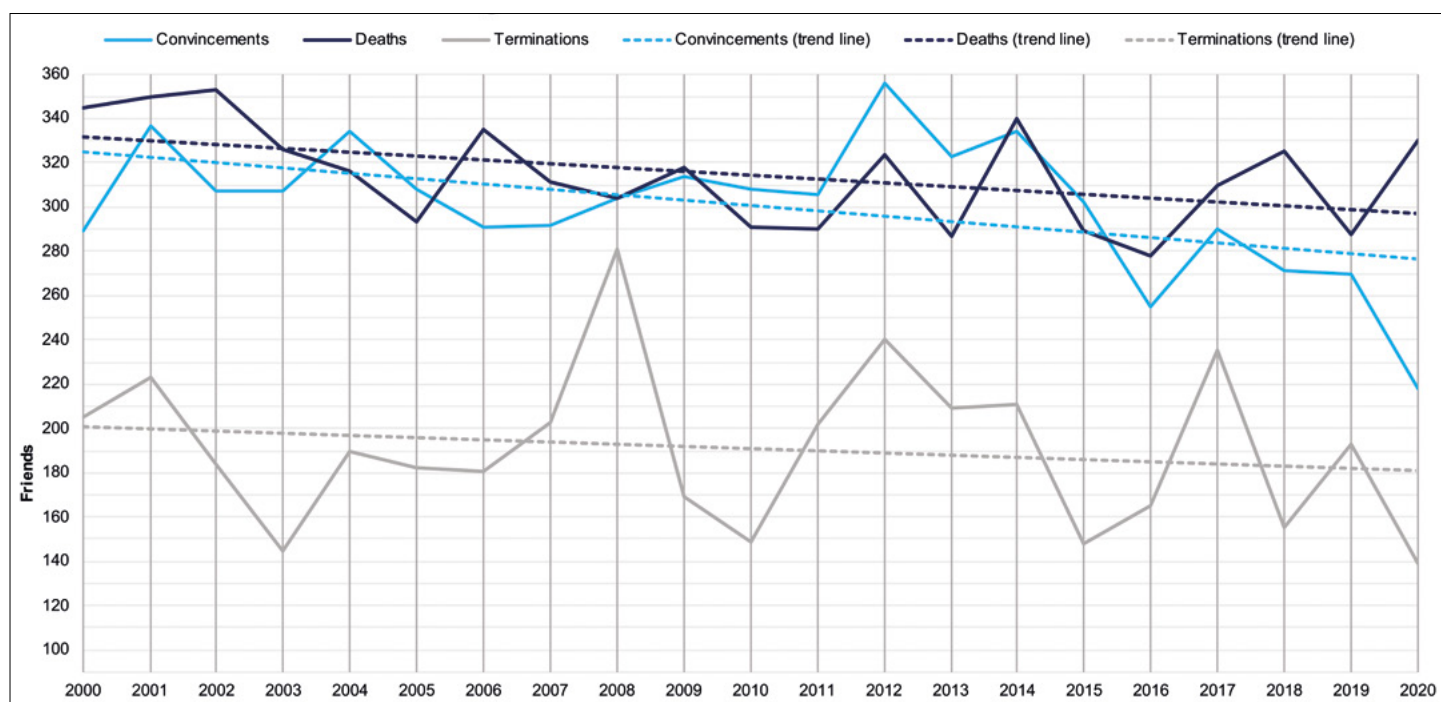

Local meetings

There were 463 local meetings (LMs) at the end of 2020. No meetings opened and six local meetings informed us of closure. Due to the Covid-19 pandemic, Friends were unable to meet in person throughout 2020. A significant number of Quakers gathered together online, either in local and area meeting groups or together nationally and internationally.

About the tabular statement

Since 2013, changes have been made to the tabular statement to help make the data more informative and to highlight important patterns and trends. All data is collected from area meetings but at local meeting level. Historical data from the last 20 years is being used to provide more information on trends.

Following requests from individuals and area meetings, Meeting for Sufferings asked the Recording Clerk to consider how best to provide information on gender. As a result, an additional category of “other” has been included (see Terminology below). Some meetings have chosen to use “other” to remove gender reporting in their meetings.

Terminology

Attender: one who, not being a member, frequently attends a specific meeting for worship (*Quaker faith & practice* II.38). Refers to an adult attender; children not in membership are identified separately.

Child: someone under 16 years old.

Member: one who is in membership of the Society. Unless stated differently, figures include children in membership.

Other: adults who have indicated a gender identity other than man or woman. This might include people who have stated they are agender, neutrois or who have a(nother) non-binary gender identity.

Sojourning member: a member of another yearly meeting, recognised as sojourning their membership within an area meeting in Britain (*Quaker faith & practice* II.27). Identified separately, they are not included in the membership figures.

Boundary changes

In 2015, North Cumbria AM and West Cumbria AM combined to form Cumberland AM. Where two area meetings combine to form a single one, figures provided for all years combine the data for the constituent meetings. Where area meetings have separated into more than one, membership information is based on the actual numbers for each of the constituent local meetings. Up to 2014, figures for flows (convincements, terminations, transfers and deaths) were only collected at area meeting level. Estimates are based on the proportion of the membership forming each new area meeting in the year they were formed. This applies to: North Somerset AM (formed 2011); West Wiltshire and East Somerset AM (formed 2011). Where a single local meeting moved from one area to another, it has not been possible to adjust the figures. Data

for that meeting is included with the area meeting of which it is part in any year. This affects Oundle LM which transferred from Cambridgeshire AM to Northamptonshire AM in 2010; and Chorley LM which transferred from Lancashire Central & North AM to Pendle Hill AM in 2016.

Year-end figures and corrections

Each area meeting is required to send tabular statement information for the year ending 31 December. Meetings are given an opportunity to correct previous year data with subsequent amendments to changes, (including transfers and deaths) which were minuted within the last year but not returned before the year-end deadline. In the past these revisions were included in the figures for the following year. As this distorts trends, the method adopted since 2014 is to modify membership figures each year to take into account corrections provided the following year. These corrections are indicated in the notified discrepancies row within Table I.

Quakers share a way of life, not a set of beliefs. Quaker unity is based on shared understanding and a shared practice of silent worship – a communal stillness.

Quakers seek to experience God directly – internally, in relationships with others, and with the world. Local meetings for worship are open to all who wish to attend.

Quakers try to live with honesty and integrity. This means speaking truth to all, including people in positions of power. The Quaker commitment to peace arises from the conviction that love is at the heart of existence and that all human beings are unique and equal.

This leads Quakers to put faith into action by working locally and globally to change the systems that cause injustice and violent conflict.
